Dear PrepareLA Koreatown Coalition and Guests,

Thank you for taking the time today to attend our training on Surviving an Active Shooter Incident. I know that I walked away feeling more confident that I would be able to make the decisions I might need to make when I needed to. I hope you also took away new information that you could use.

I wanted to share with all of you a website where you can find a ten minute video that highlights key points of Osas' Presentation - <http://activeshooter.lasd.org/>.

For the new folks who joined us today, the PrepareLA Koreatown Coalition is on a mission to make the Koreatown more prepared. The Red Cross offers a wide variety of preparedness programs for families, seniors, young adults and elementary students. I have attached a list of those opportunities and if you are interested in learning more or in joining our PrepareLA campaign to increase resiliency, please don't hesitate to give me a call.
